

## **OLD BUSINESS**

Norris and Bill will check out the lawn mower on next weekend, 4/21-22, inspect the blades and belts, change the oil and stabilize the pin box. Anyone available to help out should reach out to Bill or Norris to determine what time and day they will be at the field.

The dates have been set for two FUN FLYS this summer; Saturday, June 9th with a rain date of Sunday, June 10th, and Saturday, September 8th with a rain date of Sunday, September 9th. More planning for the events will be done at the May meeting on Wednesday, May 16th.

Flight tables are in good repair, but could use a new coat of stain or spar varnish. The table closest to the Padre Pio Center also needs to have the wheel assemblies fixed. The club has the wheels.

With the absence of Spring, the rolling of the field is delayed indefinitely; until we get a break in the weather. Hopefully by the middle of May we can have the field rolled and begin grass cutting.

Members were reminded of the open invitation from the Tuscarora R/C club to their air show on July 28-29th at their field.

The website issues (capacity and management) have been addressed, and members are encouraged to list items for sale, needs, or other pertinent data. A time limit for items listed for sale was also discussed, but no final determination was made. More discussion to follow. Any "techies" in the club interested in helping out with IT issues should contact Norris.

As of the meeting the club had over \$1,900.00 in the bank, field rental had been paid, and we have approximately 28 active members on the club roster.

The meeting adjourned at 7:40 PM, and the next meeting will be held at 7:00 PM on May 16th.
